Two hours later, we arrived in HCM city. The thing that surprised me was that there were too people and too much traffic on the streets. The buildings were high and beautiful.

First, the driver took us to the zoo where there were animals, birds, fish and hippos, monkeys. It's interesting to look at monkeys eating bananas. Then we went to Tao Dan botanical garden where there were lots of shadows . It's comfortable to go for a walk there. After that we went to Reunification Palace where colonel Nguyen Thanh Trung bombed in 1975. While I was looking at interesting furniture in this building suddenly I heard a loud voice behind me , it's was my father's voice. He told that it was time to go home.

We hurried to return to parking lot. The driver took us come back home,. I arrived home at 6:00 PM .

I felt happy and enjoyed that trip very much. I hope I will have a chance to go to HCM again some next summer.

2. A visit (a trip) to the countryside

Every year whenever summer comes I usually have a visit to somewhere. Last Summer was not exception. Last Summer my class held a visit to Ngu hiep village on Sunday.

On that day I got up very early. We went there by bike. When we rode on the road , we saw many tall trees, beautiful houses, people . What a lovely sight!

It took me about 20 minutes to go there. Before reaching Ngu Hiep village I had a chance to sit on the ferry crossing Tien river. The water in the river is very clean and crystal.

When reaching I felt comfortable. The air was fresh and cool there. There were a lot of fruits there such as durians, plum, mango, ...Especially, durians are very delicious in Ngu Hiep villages.

Then my friend, Lan took us to her uncle's house and we had lunch there. We also went a walk around . The sights were wonderful there .People were very friendly and hospitable.

And finally it's time for us to go home. We came home at about 5:00 PM . I felt happy and enjoyed that trip very much. I hope I will have a chance to come back there again next year.

3. A picnic

Whenever we have free time, my class holds a picnic . Last Sunday I with my classmates had a picnic at my friend's house, Lan in the countryside.

It was a fine day last Sunday. We went to Lan's house by bike. All of us were five members. We started to go at 5:00 o'clock in the morning. It took us about an hour and a half to go her house.

When we arrived, Lan prepared everything carefully. Her parents were very happy when we came. I surprised that there lots of food on the table. I asked Lan who made and Lan answered her mother did.

After having breakfast, we played games “ What song is it” and “ blind man's buff”. Then we went fishing in the river behind Lan's house and went for a walk around . At noon we had lunch in the garden with bread, soft drink, snack and lots of kinds of fruits. We continued to enjoyed our picnic till the evening.

At 6:30 PM we hurried gathered things to go home. I enjoyed that picnic very much. It was short, however, it helped us very much . It helps me relaxed after a hard working week and know more about people and places of our country.

4. A letter from.....

Dear....,

I arrived in Nha Trang at 4:00 AM yesterday morning. Thanh met me at the train station and then he took me home by his motorbike.

Nha Trang is a quiet and beautiful city. It has a long coastline with beautiful white sandy beaches.

I went to the beach very early this morning and enjoyed the sunrise far out in the sea. Yesterday morning Thanh and Hoai took me to the Tri Nguyen Aquarium. It's very interesting to see many different kind of fish and sea creatures.

I've also visited many interesting places like Cham Temple, Aquarium, Pasteur Institute.

I've taken part in some fascinating out door activities: mud bathing snorkeling and scuba diving. Tomorrow we are going to spend the evening visiting a fishing village where we can get a taste of the local seafood.

I feel so happy and enjoy myself so much. The people here are so nice and friendly, the food is excellent and the sights are very beautiful. I'll leave Nha Trang at 4PM on Saturday and will arrive home at 5AM on Sunday. Please pick me up at the train station

13. CELEBRATIONS

Write a passage about if it's necessary to have a day for dad and another for mom? Why? (unit 8)

This morning I just learned a lesson about father's Day. It was really interesting. In Vietnam, however, people do not celebrate. Mother's Day or Father's Day. In my opinion. It's necessary to have a day to celebrate for mom and another for dad.

There are lots of reasons for celebrating these days but the main reasons are the children will have a special day to express their feelings , their memories and

their love to their parents. In addition , we'll have an opportunity to enhance family traditions as well as a chance to get members of families together in order to bring them closer.

I think Sunday is the most suitable day for celebrating . It is free from work or study.

It's not necessary to have parties but it's a good idea to have lunch or dinner with all family members. In this special day, children should serve their parents with food they like best and offer them flowers, cakes or special gift and cards.

I believe my idea will be supported and the day for our parents will be celebrated nationwide someday.

Secondly, we should fill with buckets with water because when typhoon comes, the water pipes may be damaged.

Nextly, we should fix the leak in the roof and tie the roof to the Ground and pegs and ropes and check the windows and door latches because when typhoon comes it will be rainy and windy.

In conclusion, it's very interesting to have a trip to space and it's very difficult to have that trip so if you will able to take a space trip , you know what you must do.

15.2. THE THING YOU SEE WHEN YOU HAVE A SPACE TRIP.

Perhaps travelling to the space is everyone's wish. I think if we get on the space trip , we will able to see wonderful things.

In fact, once we get on the trip, we will be in different world. You will see pictures of the Earth. We may also find our country and other interesting places. We will be able to see the oceans, the big rivers, the tall mountains. We will be able to see them many times because we will orbit the Earth 16 times a day! We will also be able to see stars that we couldn't see from the Earth.

Besides, when we are in orbit, you will be able to get out of our seat and walk in the cabin. We will be able to walk on the wall or on the ceiling like in a circus. We will not weigh anything! We will feel totally free and enjoy the wonderful feeling we have never had before. We really experience those marvelous things when we are on the board.

In conclusion, it's very interesting to have a trip to space . Do you want to have it? Start to dream now and your dream may come true some day.
