V. Fill in each numbered blank with one suitable word from the box to complete the passage. (1pt)

from – pollution – scientists – authorities – caused - directly

Everyone wants to reduce (1)....., but the problem isn’t as simple as we think. Much pollution is caused by things that serve people in dairy life. Some factories owners let waste and chemicals run (2)into the rivers which then lead to the seas. This not only pollutes water but also kills sea creatures. But the (3).....can’t close these factories because they give employment to a large number of people. Therefore, to reduce pollution, people would have to stop using many things they often use. Most of us don’t want to do that. We can’t clean up our polluted environment overnight but we stop adding the problem while (4).....search for answers.

VI. Read the passage carefully then answer the questions. (2pts)

Nowadays, people are seriously destroying rain forests of the earth. It is estimated that every year 100,000 square kilometers of rain forests are destroyed for supply of wood, paper and fuel as well as for the residence and farming land. Rain forests are very important for the world’s climate. They receive the rainfall on the earth and produce a large amount of the world’s oxygen. Destroying rain forests, moreover, is destroying our environment. Saving rain forests is a global problem. Nations need cooperation to save rain forests, if not, it will be too late.
